

Velcro® Longline Jacket

We are proud to offer a longline cover that allows the user to easily inspect and/or replace the rope as well as the electrical wire.

Barry Longline Jackets are made of durable Cordura® nylon fabric and VELCRO® brand hook-and-loop fastener.

They are designed to offer optimal protection for your longlines, keeping dirt and UV rays at bay, and adjust to different diameters of longline and wires combination.

Note: We also offer our new Quick-Zip Longline Jacket with full length zippers.

Barry Velcro® longline jacket shown with separate pocket for electrical wire
