

ENS2-1MINIER Mine Rescue Kit 2 in 1

Mine rescue kit "2 in 1" designed in collaboration with *Sauvetage Minier Québec*. It includes a range of components tailored to the specific needs of rescue in underground galleries and escape routes.

This kit is employed by many rescue teams in Canada and is one of the systems used in mine rescue competitions.

Barry offers support during inspection and maintenance of components which can be bought individually if required.

SPECIFICATIONS

- 12.5 mm NFPA rope
- Extra large NFPA carabiners
- Hardware kit including pulleys, rope clamp and descender
- Anchor loops
- Transport bags
