

Heavy-duty towing ropes built to tow, pull, lift or recover vehicles & loads in emergency situations. These towing kits provide a more secure option than steel cable when the system is overloaded, and are easy to transport, store & deploy.

Features

- Easy to handle
- High strength & energy absorption
- Controlled elongation
- High abrasion & mildew resistance

Applications

- Towing
- Lifting
- Vehicle recovery
- Off-road recovery
- Shoreline recovery

SPECIFICATIONS

- Standard color: White
- Standard lengths: 6.1 m (20'), 7.6 m (25') and 9.1 m (30')
- Spliced eyes of 152.4 mm (6")
- Other colors, lengths and spliced eye sizes available upon request

Optional

- Available as complete kit with transport/storage bag & shackles
- Urethane coated spliced eyes and/or chafe guard protection for added abrasion resistance
- Various terminations available upon request

Product Code	Diameter		Working Load Limit @ 10:1
